

Drive to Raise \$25,000 For Memorial to Narberth's Sons

Who Fought in the Great World War Starts Next Monday

Our Citizens Are Asked To Give Generously To Fund To Honor Memory of Young Men Who Gave Unsparingly of Their Services and Their Lives in the Late Conflict—Proposed Memorial Building Will Be Fine Civic Development—Will Provide Headquarters For Local American Legion and Meeting Place For All Borough and Civic Institutions—Elm Hall To Be Remodeled and Refinished—Structure To Be Made Colonial In Character—Drive To Continue For Two Weeks—Big Celebration on Monday, May 31

Next Monday marks the beginning of what will undoubtedly be the most ambitious undertaking that the people of Narberth have ever attempted. We say "the people" because the undertaking at hand is a matter which concerns and interests not any one particular group of Narberth people, but every single resident of our borough.

We refer to the launching of the Drive to raise the money necessary to provide a suitable memorial to the young men of Narberth who went to the Great War.

THE DRIVE FOR FUNDS.

The drive will continue for two weeks, concluding on Monday, May 31. On that date a celebration will be held, and we venture the statement that this celebration will not merely mark the end of the drive, but that it will mark the successful conclusion of an effort which will assure the carrying out of the memorial plans in a manner that will fittingly show Narberth's appreciation of the services rendered by Narberth's sons during the great conflict.

The people of Narberth are asked by the General Memorial Committee in charge of the whole project to contribute \$25,000. Elaborate plans for the conducting of a comprehensive drive have been carefully worked out. A large committee of workers will make a house-to-house canvass. The memorial plan will be explained to each resident, who will be asked to contribute as generously and liberally as he or she can.

The campaign will be under the direction of the General Memorial Committee, which is composed of two representatives of every organization of every kind in Narberth. The chairman of this general committee is Carl B. Metzger, the secretary is T. Noel Butler, and the treasurer is Postmaster Edward S. Haws.

CELEBRATION ON MAY 31.

It was originally planned to conclude the Memorial Drive and have the celebration on Memorial Day, May 30th, but as that day, this year, falls on Sunday, the celebration will be held on the following day, Monday, the 31st.

There will be a parade through the borough, coming to an end in front of Elm Hall, where there will be appropriate exercises. In the parade will march the members of the Narberth Branch of the American Legion, in uniform; Narberth veterans of other wars, the members of the local Red Cross, the Boy Scouts, and the school children. And of course the procession will be headed by a band.

At the celebration in front of Elm Hall, former Burgess Fletcher W. Stites will be master of ceremonies, and there will be several special speakers, who will deliver short addresses.

THE MEMORIAL BUILDING.

What is Narberth's Memorial to the soldiers and sailors of the Great War to be?

The plan as approved by the General Memorial Committee provides for the comprehensive remodeling of Elm Hall and the making of it into a memorial building that will not only provide a headquarters for the local branch of the American Legion, but will give

to Narberth a building such as our town has long needed. In brief, the memorial plan combines an altogether suitable commemorative memorial with a civic development of which our future as well as present-day residents may well be proud. Moreover, the memorial plan in that it combines utility and service with a structure of harmonious architecture, meets the approval of the Pennsylvania State Memorial Committee appointed by Governor Sprout.

A FINE CIVIC DEVELOPMENT.

When the proposed plan is completed the Narberth Memorial Building, which will have a value of about \$35,000, will be turned over to our Borough Council as custodians of borough property. It will be a "People's House," so to speak, the property of all of Narberth's folk, dedicated to the Narberth American Legion—the Harold D. Speakman

Post, named in honor of one of Narberth's sons who gave his life in the Great War. It will also provide a home for our Borough Government, our Borough Fire Department and suitable meeting places for the Legion and for all civic organizations.

Architecturally the memorial building will be a decided asset to our town. Its maintenance will be assured by the Borough Council and in every respect it will be an institution to which every resident may point with pride.

Elm Hall, the basis of the new memorial, is perhaps better known as the Fire House. It is a two-story, stone and frame building, centrally located on Forest avenue just off Haverford avenue. It is now owned by the Narberth Fire Company, a volunteer organization, maintained chiefly by membership dues paid by residents of Narberth, and by contributions. In justice to our

neighbors, Merion and Wynnwood, it should also be stated that residents of these two communities too have been very generous in their contributions to the Fire Company.

THE NEW CLOCK TOWER.

The plan for the Memorial Building as worked out by the architect, Walter I. Dothard, is under the direction of the General Memorial Committee, and as graphically shown in the illustrations accompanying this article, provides for what is not only virtually a complete remodeling of old Elm Hall, but the addition of the rooms and space necessary to meet the requirements of a building of this character.

The Memorial Building, when completed, will have a distinct colonial character. There will be an entire new front which, incidentally, will be considerably wider than the present structure.

ure. Rising out of the southwest corner of the building—that is, the corner facing on Forest avenue and nearest Haverford avenue—will be the new memorial clock tower. At the top of the tower will be placed a large clock with four faces—one showing in each direction. At night the faces will be illuminated so the clock will be visible at all times and from all directions at a considerable distance from the building. So much for the exterior of the new building.

BRONZE MEMORIAL TABLET.

By widening the front and extending the south wall considerably beyond its present location, space will be provided for an appropriate entrance, and an attractive hall and stairway, both of which will be finished in colonial style in keeping with the general character of the building. Just inside the entrance in a niche in the wall of the first floor hallway, will be placed the bronze Memorial Tablet which will bear the names of all of Narberth's soldiers, sailors and marines who participated in the Great War, and the names of those who gave their lives will be marked with stars.

On the first floor, a new room will be added which will become the Narberth Council Chamber, while the smaller room, which is at present used by Council will serve as a committee room. The Fire Company will retain their present club room and will have the use of the dance and entertainment hall on the second floor whenever they so desire.

HEADQUARTERS FOR THE LEGION

The new room on the second floor, made possible by the widening of the building, will be the official home of the American Legion. In this room the Legion will maintain its trophies of war and hold its business meetings. The dance and entertainment hall will always be available for the Legion for

Editorial

It is with great satisfaction that we are able to give this week details regarding the free mail delivery for Narberth. This matter has been in progress for some time by Postmaster Haws, and it was through his untiring efforts, as well as co-operation of the citizens in working the office up to the required standard, that enabled our Borough to participate of the free delivery service.

The article published elsewhere in this paper should be carefully read and no effort spared in assisting our postmaster to bring about as satisfactory a condition as can possibly be attained.

Our Town wishes to congratulate Postmaster Haws for this important step of progress in our Borough, and it will be a great deal of satisfaction for him, in days to come, to look back and know that his efforts in this direction was one of the "big things" recorded in Narberth's book of progress.

Congratulations to Postmaster Haws and to our citizens!

A BETTER BUSINESS SECTION

In this week's issue of Our Town the Borough Council, through their Highway Department, is advertising for bids on concrete base, Filbertine surface gutter on both sides of Haverford avenue, from Essex to Narberth avenues. The gutters will be all made a

uniform height of seven inches from the street to the sidewalk, and this will eliminate the deep gutters that were originally made and will level somewhat the crown of the road bed.

There are several surface drains with outlets below the seven-inch level, and it will be necessary to have these raised to drain into the new gutter.

The Highway Department is asking the merchants along Haverford avenue to have their curbs repaired and put in first class condition, and when this is accomplished we will have a fine street.

We should compliment the Highway Department on this improvement.

The entire work will cost about \$5,000.00, and in consideration of the appearance and service it will give our main business thoroughfare, it will be an expenditure well worth while.

Montgomery County industrial workers suffered two fatal accidents during April, according to a report issued by Clifford B. Connelley, Commissioner of the Pennsylvania Department of Labor and Industry.

Throughout the State, 177 fatalities occurred during the month. Seventy-three of the victims were persons employed in industries, twenty-nine were public service workers and seventy-five were miners.

There was a decrease of forty-one fatal accidents in the State in April as compared with the previous month, when 218 were reported by the State Bureau of Inspection.

More than 65,000 young forest trees were planted on private lands in Montgomery County this spring, according to a report issued by Gifford Pinchot, Chief Forester of the Pennsylvania Department of Forestry. Trees were supplied without cost to the 16 planters in that county by the State Forestry Department.

The plantings were made as follows: White pine, 33,350; jack pine, 6,700; Norway spruce, 11,600, and others, 13,762.

Throughout the State more than 2,700,000 seedlings were set out by private planters. Approximately 300,000 additional trees were planted on State forests.

The largest number of seedlings, 198,700, were set out in Lackawanna County, where there were 11 planting operations. In Columbia County, there were the largest number of private planting operations, 135,760 seedlings being set out by 57 individuals.

At the regular monthly meeting of the local committee of the State Health Center the following organizations were represented: The State Tuberculosis Dispensary, the American Red Cross, several committees of the Main Line Citizens' Association, including Nurse Committee, Housing Committee and Clean-up Committee, the Social Service Departments of the Bryn Mawr Hospital and Main Line Federation of Churches, the Ardmore Y. M. C. A., the Ardmore Woman's Club, the Bryn Mawr Community Center, the Committee on Social Service Directory of the Main Line Community Council, representatives from Gladwyne-Mill Creek District, Bala-Cynwyd District and the Borough of Narberth.

Enthusiastic reports of the work in progress were given by the various representatives. It was reported that hot lunches are served in the public schools of Ardmore, Narberth and Bryn Mawr, and the representatives from Gladwyne and Bala-Cynwyd felt that this might be a most excellent addition to the school work of their districts, where so many pupils come from a distance.

The lack of school nurses in Lower Merion Township and the Borough of Narberth was emphasized. All pupils are examined by the school doctors and recommendations for any necessary treatment are made, but without the assistance of a school nurse it is impossible to see that such recommendations are carried out. The Main Line Branch, No. 1, of the American Red Cross supplied such a nurse for three months to work in Lower Merion Township, and it is hoped that the splendid work which she accomplished will impress on the School Board the necessity of raising funds to employ a nurse permanently.

The Psychological Department of Bryn Mawr College co-operates with the School Board by examining backward children referred to them and making suggestions for their care and training.

There are now two Red Cross Town and Country Nurses employed in the

district and a third will be employed as soon as she can be secured. These nurses do splendid work along educational lines as well as bedside nursing.

The Social Service Department of the Bryn Mawr Hospital co-operates closely with the physicians in securing proper home surroundings and convalescent care for discharged patients.

The Community Center at Bryn Mawr and the Y. M. C. A. at Ardmore are conducting classes in gymnastics and supervising recreational work.

The Housing Committee of the Main Line Citizens' Association is working for better living conditions in the community.

The Red Cross in this district is conducting a Well-baby Clinic at Ardmore in co-operation with the doctors and the visiting nurses, and it is hoped that another such clinic will shortly be opened in Bryn Mawr.

The State Tuberculosis Dispensary is doing excellent work in the care of patients and also in preventing the spread of this serious disease. The nurse visits the families of patients and instructs them in necessary precautions. Those who will be benefitted by change of climate are sent to State Sanatoria at Mt. Alto or Hamburg. The dispensary is situated in the laboratory of the Bryn Mawr Hospital and is open for consultation and treatment on Thursdays from 1.30 to 2.30.

It was decided at this meeting to conduct a "Health Week" May 30 to June 5, during which the attention of the public would be directed to the best means of getting well and keeping well. Full particulars of the "Health Week" campaign will appear in the local papers.

MRS. J. E. CALDWELL,
Secretary.

To the Editor of Our Town:

Grandmother Caldwell desires to thank all her good friends who so kindly remembered her on her 75th birthday, and especially the Women's Auxiliary of the Narberth Presbyterian Church for that most wonderful of all wonderful birthday parties.

May each "Ladies' Aider" be as happy on her 75th birthday as Grandmother Caldwell was on hers.

HELEN BAIRD CALDWELL.

To Hold Seventh Annual Meeting

A meeting of the neighborhood will be held at the Bungalow on Bowman avenue opposite Baird road, on Wednesday evening, the 19th of May, at 8.15 o'clock.

It will be the seventh annual meeting of the Merion Civic Association, and every member is urgently invited to hear the president's report.

Combined with it will be the first public meeting of the Merion Community Association, the newly formed organization which has taken over the Merion Tribute House. The president will tell of the progress made, present the by-laws for approval, and pictures of the new building will be shown on the screen.

The meeting will be entirely informal. It is earnestly asked that every resident of Merion may set aside this evening and be present.

Mr. Bok will preside.

The Merion Civic Association,

The Merion Community Association.

The Women's Auxiliary Narberth Y. M. C. A.

The Women's Auxiliary will realize, approximately, one hundred and twenty-five dollars from the rummage sale held last week in the Y. M. C. A. building. This amount, together with the sixty dollars already in bank, will provide for the coal bill and leave a balance to the credit of the organization.

The committee, who worked so faithfully to make such a condition possible, included Mrs. J. T. Darlington, Mrs. W. N. Mills, Mrs. Samuel Dickie, Mrs. Charles Irwin, Mrs. J. Shinn, Mrs. G. M. Davis, Mrs. William Lamb, Mrs. Price and Mrs. D. D. Stickney.

Arrangements have been made to have the building thoroughly cleaned and closed.

HIGH COST OF MONEY

The enormous demand by the Railroads, Public Utilities and Industries for money for equipment and permanent improvements has caused the price of money to advance. Because of this, investments can be made now to return 7% or more in securities which a few months ago would have looked cheap as a 5% investment. We will be glad to make suggestions for the investment of surplus funds in small or large amounts.

It goes without saying that the work of the General Memorial Committee, while a pleasure to the members because of the objective towards which they were working, has, nevertheless, been decidedly arduous and of considerable duration. They have worked on the project for about fifteen months, have held innumerable meetings and given unstintingly of their time and best thoughts.

OTHER SUGGESTIONS CONSIDERED.

Many suggestions for a Memorial were submitted and each one was carefully considered. For various reasons the majority were found to be unfeasible and had to be abandoned. Finally, the present memorial plan was adopted, and the members of the committee feel that it provides, from all viewpoints, a more generally satisfactory memorial than any of the other plans suggested. So now they come to the people of our Borough with the plan for the Memorial Building as outlined and described above, and they ask each and every one, according to his means, to give generously to the fund to provide this memorial to the service and lives of the young men of Narberth who fought for democracy in the Great World War.

GIVE AND GIVE GENEROUSLY.

When the representatives of the committee call at your home to solicit your contribution, be prepared for them and make as generous and substantial a contribution as you possibly can.

Plan of First Floor

any dances, entertainments, or large meetings that they may have.

The "hall" proper—that is, the big dance and entertainment room—will be considerably improved by its additional height, the stage being remodeled and made architecturally in accord with the building proper.

TO BE MAINTAINED BY BOROUGH.

When the remodeling of the building is completed, the Fire Company, the present owners, will relinquish their title and the structure will become the property of the Borough of Narberth. The Fire Company, as a fire-fighting and social organization, will remain as it is at present organized. They will furnish the volunteer fire-fighting force—and they can be depended upon to keep their personnel up to its present high standard, which is second to none along the Main Line—and the Borough Council will take over the apparatus, provide for its maintenance, all incidental expenses and also provide the funds necessary for the general upkeep of the Memorial Building. And, of course, the Narberth Fire Company will continue to look after the needs of Merion and Wynnewood, and be subject to call from any of the other nearby towns, just as at present. The new tower will be provided with a suitable electrical fire alarm to call members in response to alarms of fire received at headquarters.

ORIGINATED WITH GUARD.

The history of the development of the memorial plan is a matter that will, we are sure, interest not only the many new residents of Narberth, but the older residents as well, who have possibly not kept in as close touch with the development as those who have been actively connected with the Memorial Committee.

The plan really originated with the Narberth Home Guard, which, as everyone knows, was organized immediately after our country entered the war, for the purpose of home defense and to as-

sist the local Draft Board in preparing men by training them in the rudiments of military drill, so that they would be that much further advanced when they were drafted, and it came time for them to go to camp. This work the Guard faithfully performed, and when the Armistice was signed, and later when the boys began sending word from the camps and from France, that they soon would be on their way home, the Guard planned the Home-Coming Reception.

To meet the expenses of this reception a fund was raised by placing mite-boxes in every home in our Borough. Later the boxes were collected and the contributions totaled nearly a thousand dollars. Practically all of this money was spent in giving the returned soldiers and sailors their reception, dinner and dance.

PLANNED BY GENERAL MEMORIAL COMMITTEE.

Then the Guard appointed a memorial committee to work out plans for a suitable memorial. This committee asked the churches, the Y. M. C. A., the Women's Community Club, Civic Association, Fire Company, Boy Scouts, Tennis Association, Red Cross—and later, when it was organized, the American Legion, each to appoint a committee of two members to confer with a committee of the Home Guard, and to constitute the General Memorial Committee. This General Committee, as finally organized, consisted of the following, in addition to Chairman Metzger, Secretary Butler, and Treasurer Haws:

Council—W. S. Maddox and A. P. Redifer.

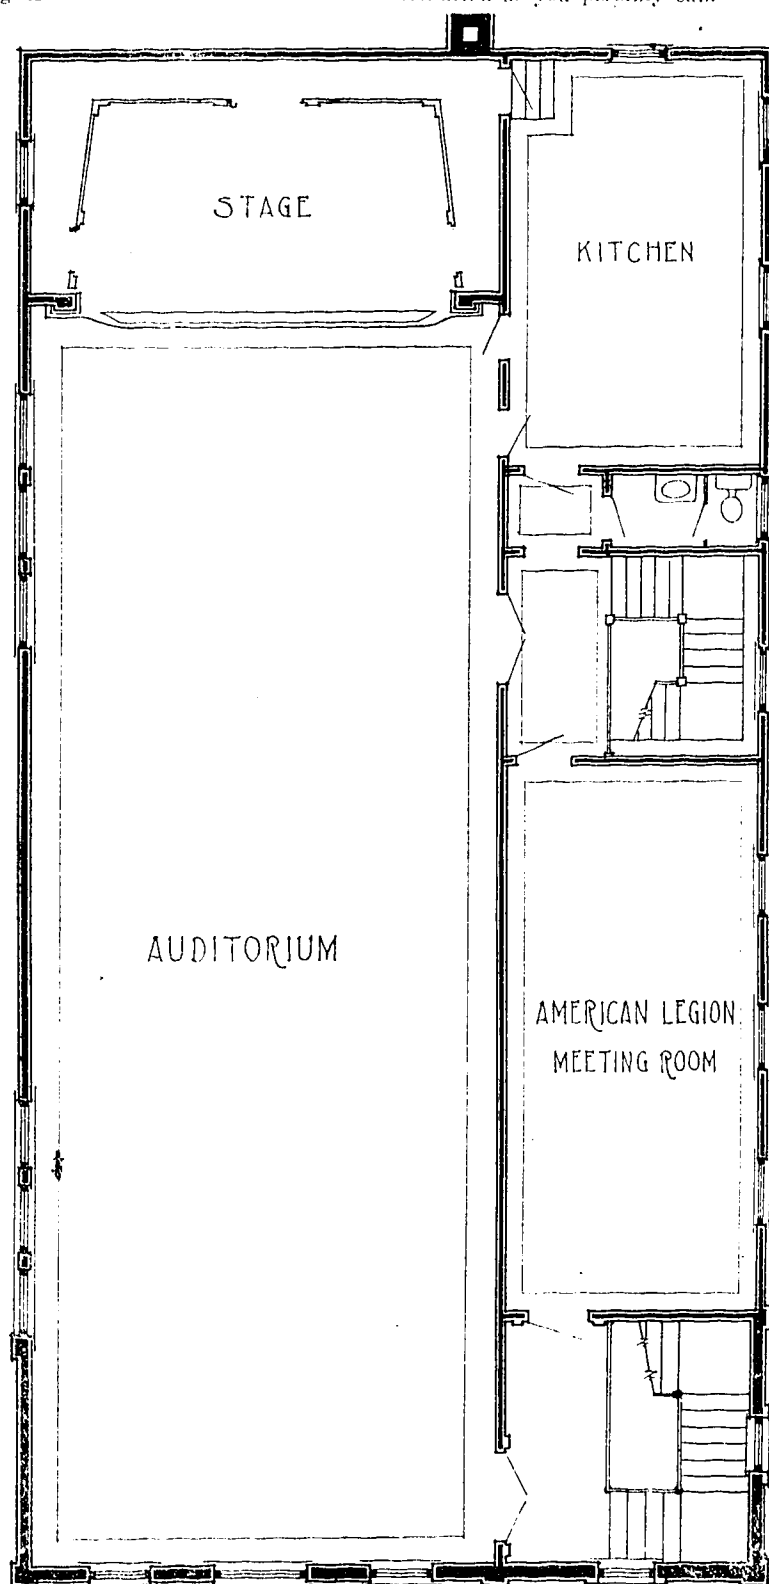

Civic Association—J. H. Nash and R. J. Edgar.

Presbyterian Church—W. I. Peebles and A. G. Compton.

Methodist Church—W. J. Bailey and C. L. Smith.

Free Mail Delivery Service July 1st

POSTMASTER HAWS AUTHORIZED TO ESTABLISH SERVICE EFFECTIVE ON ABOVE DATE.

There has been a desire on the part of many of our citizens for free mail service, but Postmaster Haws, until recently, was not disposed to urge the establishment of the service until he could present a convincing argument to the authorities in Washington. This was done as soon as the conditions safely warranted such action, the result being the almost immediate authorization to establish the service.

The carriers will be authorized to supply stamps, etc., if the quantity is sufficiently large to warrant the same.

For the collection of the mails there will be placed throughout the town, nineteen street letter boxes and two combination boxes. The patrons of the office who prefer to retain a box in the post office may do so as they have heretofore, but they will not have any

free delivery service. All those who desire free delivery service will be required to provide a private mail box, which must be placed at the front of the house. Under no circumstances will mail be delivered to any house where the mail box has not been provided.

Postmaster Haws intends to take this as well as a few other matters up with the patrons in the form of a letter which they will receive in due time.

This is a great step in the progress of our Borough and every resident of Narberth should do all within his power to work along lines laid out by the Government, not only in order to give them the best possible advantages from the free mail delivery, but also to assist Postmaster Haws in improving the conditions of such service wherever the opportunity presents itself.

cial condition of all new patients by means of social histories. By doing this, we hope gradually to eliminate any imposition on the hospital.

During the year the secretary was in touch with 4,541 patients who received treatments in the dispensary, and from whom was received the total sum of \$662.92.

The department extends with appreciation and sincerity their thanks to the public in general, and to those institutions and charitable agencies who have so willingly co-operated and helped to make the work such a success, and especially to Welsh and Davis for their generosity in allowing us to secure glasses at cost for our deserving cases, and the Needlework Guild for their contribution of clothing. They are much indebted to the Federation for the service of their worker who substitutes during the holidays.

The workers are most grateful to the committee and hospital staff for their loyal support and generosity which have enabled them to make the department of such value to the community.

Respectfully submitted,
EVELINE C. WALBAUM,
Supervisor.

HELEN JONES PARRY,
Secretary.

About Dahlias

INFORMATION TO ASSIST YOU TO PARTICIPATE IN THE SEPTEMBER NARBERTH DAHLIA SHOW.

Raising Dahlias from Seed.

This is very interesting, as no one can be certain just what a seed will produce. Seeds will sometimes come true to the parent form or type, but the color or color combination is invariably different.

All the best new varieties have been raised from seed, the uncertainty of the results lend a fascination to this method of raising dahlias.

The seeds should be planted in shallow boxes of good, rich, well prepared soil in March, about the 15th, in a sunny window in the house or in the greenhouse. In from six to ten days the plants will appear.

When the plants have made two sets of leaves, each plant should be placed singly in a 1½-inch or 2-inch pot. They do best in a cool place rather than a warm one, and should be changed to larger pots as they grow larger.

After May 15th they can be planted out in their permanent locations, allowing four square feet each the first season.

Tag the rows or plants with name of type and grower of seed. Dahlia growers and seed houses offer seeds for sale, although the beginner will possibly prefer to buy roots of named varieties.

The growers take orders at their fall shows for delivery the following spring, but their catalogs are usually quite comprehensive and a selection can readily be made for delivery about May 10 to May 15, as this time is the earliest that roots can be planted out.

ARTICLE III.

Membership. All persons residing in this community are members and are entitled to attend meetings of the Association and avail themselves of its benefits.

ARTICLE IV.

Dues. The annual dues of voting members shall be One Dollar (\$1.00); of contributing members, Two Dollars (\$2.00); of sustaining members, Five Dollars (\$5.00) or more; payable at the time application is received and annually thereafter at the time of annual meeting. All paying members privileged to vote.

ARTICLE V.

Officers. The officers of the Association shall be composed of voting members and shall consist of a President, three Vice-Presidents, a Secretary, a Corresponding Secretary, a Treasurer, and a Board of Directors consisting of eighteen (18) members. The officers shall hold office for the term of one year and the directors shall be elected six for one year, six for two years, and six for three years, and thereafter six each year for three years. The President, Vice-President and Secretary shall, by virtue of their office, be members of the Board of Directors and shall preside at its meetings.

Officers. The Board of Directors shall choose from their number four persons, who, with the President of the Association, shall constitute an Executive Committee of which the President shall be Chairman, which committee shall have power to transact any business of the Board; provided, that any act done by them shall be subject to the approval of the Board of Directors.

There shall be no regular meetings of the Board of Directors, but meetings shall be held from time to time as the business and interests of the Association may require.

Quorum Directors. A majority of the Board shall constitute a quorum.

ARTICLE VI.

Meetings. An annual meeting of the Association for the purpose of electing officers and for transacting such other business as may come before the meeting shall be held during the month of March of each year on such date as may be fixed by the Board of Directors or by the Executive Committee.

There shall be no other stated meetings of the Association, but meetings shall be called by the President at any time, upon the request of the Board of Directors, or of the Executive Committee, or upon the written request of any ten voting members, who shall state in writing the purpose for which they desire such meeting to be called.

Whenever a meeting is to be called, it shall be the duty of the Secretary to post on the bulletin board a notice of the time, place and object of such meeting. Such notice shall be posted as long before the date of the meeting as circumstances permit, in order that all members shall have reasonable opportunity to attend the meeting. But in no case shall a meeting be convened on less than twenty-four hours' notice.

Quorum Members. Twenty voting members shall constitute a quorum.

ARTICLE VII.

Amendments. This Constitution may be amended at any time by vote of two-thirds of the members present and entitled to vote, provided thirty days' notice of the meeting and of the proposed amendments shall have been given.

Report of Bazaar Committee

Many inquiries have been made of the Committee in charge of program for Friday, April 23, the first night of the Bazaar, as to the identity of the charming little dancer who so gracefully danced the Colonial Dance, clad in a charming Colonial dress. Guess? Well, we'll whisper—our own gracious little Jane Laird. Many thanks to our little volunteer, and the club's deepest appreciation.

Messrs. Hill and Perry moved the piano of the Women's Community Club from the Y. M. C. A. Building to the stage of the Narberth Fire House gratuitously, and the Club herewith acknowledges sincere thanks.

The Club also appreciates the very excellent service rendered by Mr. Leitch, of the Merion Title & Trust Co., in taking care of the proceeds each night of the Bazaar.

The Club also wishes to express its sincere thanks to our own builder, Mr. Samuel Atherholt, who, assisted by Robert Mueller, hauled 70 quarts of ice cream from the Colonial Ice Cream Co., Philadelphia, the latter being donated by this company.

Mr. Atherholt also donated the lumber used in making booths for the Bazaar, and in addition presented very beautiful wheel pedestals to the Club.

To Mr. Thomas A. Kerrigan, Jr., goes the sincere gratitude of this organization for the donation of his services in erecting the many booths.

Too much cannot be said of the assistance given by Mr. J. S. Harris, our very able auctioneer.

Our sincere thanks to Mr. Harry A. Jacobs, editor of Our Town, for his very liberal space and assistance.

Mrs. M. J. Ensign, proprietor and editor of the "Ardmore Chronicle," is also deserving of mention for the publicity given the Bazaar in the columns of her paper.

Mr. W. G. Case, who manufactured and donated the Electrical Novelty Game, contributed much amusement to the children, big and little, and has the Club's sincere appreciation.

The donations received in the form of checks and merchandise from our local business men and tradesmen is too numerous to mention in these columns and the members of this organization feel such an acknowledgment would be inadequate. Letters of thanks and appreciation will be sent every contributor.

The Club also appreciates the generous terms of Mr. Elwood Smedley on electrical appliances. Mr. Smedley represents Landers, Frary & Clarke, whose goods are probably better known under their trade name, "Universal."

Those that missed the dainty and exquisite dancing of our little friend, Miss Rosalind Mellor, missed a rare treat—little Miss Rosalind was born in Narberth and we are very proud of our versatile little miss.

Through the efforts of one of our members, Mrs. Milton Alexander, the Colonial Ice Cream Company, of 851 North Fourth Street, donated 50 quarts of delicious ice cream. The Club is greatly indebted to both.

Last but not least, the Club's most grateful thanks and appreciation for the untiring efforts of Mrs. J. W. Joyce in procuring, without exception, the most excellent orchestra ever heard in Narberth. Mr. J. Telden, of Philadelphia, director. The contralto, Miss Cordelia Siegfried, and dainty, diminutive Miss Alice Corde, danseuse, were special features of the entertainment, and were among the most wonderful artists ever having appeared here.

The Club is also indebted to Miss Mary Nalon for her handsome posters. To the many patrons who also contributed so largely to the success of this Bazaar, our sincere thanks and appreciation.

The winner of the electric grill was J. Raymond McClellan, of Anthwyn Road.

Borough Councils To Take Over Narbrook Park

That Borough officials are serving Narberth honestly and with the best interests of the community at heart was particularly impressed upon Our Town reporter at the regular meeting of Councils held in Council Chamber on May 10th, when the principal subject under discussion was the taking over of Narbrook Park by the Borough.

When the present administration took office, the Borough finances were in deplorable condition, and only because of sound judgment and common-sense business administration has a tremendous improvement been possible. The citizens of Narberth should congratulate themselves upon their choice of public officials and the good work which they have accomplished under the most trying conditions.

When present Councils was formed the Borough's Sinking Fund had dwindled to almost nothing, due largely to lack of foresight on the part of previous officeholders in expending large amounts for the construction of new streets and sidewalks, for developments of operative builders. Not alone had Councils the task of recuperating the Sinking Fund, but the increasingly difficult task of apportioning receipts from taxes to general maintenance. Every tax payer seriously interested in civic matters will appreciate how well Councils has done.

The Narbrook Park Development Committee and a group of residents of Narbrook Park waited upon Councils with the request that the Borough accept dedication of Narbrook Park and that the Borough install the necessary street lights, maintain the roads and care for the open park space.

Mr. W. R. D. Hall, as chairman of the Committee appointed to meet with the Park Development Committee, reported on a recent meeting and recommended that the original agreement between the Borough and the Park Development Committee be consummated at this time. The original agreement was that when twelve houses were completed within the limits of Narbrook Park that the sewer, which had been constructed by the Park Development Committee and financed by them, be taken over by the Borough. Mr. Hall, reporting for his committee, suggested that the Borough engineer make an inspection to see if this sewer is properly functioning and to relieve the Park Development Committee of it entirely.

Inasmuch as the only agreement ever entered into concerned the sewer, this was the only subject upon which Mr. Hall could report for his committee.

Mr. Hall expressed the appreciation of Councils of the Narbrook Park Development and its inestimable value to the Borough of Narberth. He brought out the fact that in 1916 the tract had an assessed valuation of \$5,800, and that in 1919 the property therein contained had an assessed valuation of \$71,000 upon which the Borough was collecting taxes. He further stated that building now under way in Narbrook Park would raise the valuation of the property undoubtedly by the end of 1920 to over one hundred thousand dollars. The opinion was expressed that Councils should very seriously consider the acceptance of Narbrook Park by the Borough in consideration of the taxes already paid upon property and the consequent increase in revenue to the Borough. The opinion was expressed, however, that the Borough is not now in financial shape to accept dedication of the Park and the consequent responsibility of the maintenance of the highways, which in Mr. Hall's opinion are in such state as to make necessary expenditure which under present conditions the Borough is not in position to handle.

It is quite apparent that because of Council's conscientious attitude in not adding to the Borough's financial burden that no action had heretofore been taken on Narbrook Park.

There seemed to be a unanimity of opinion on the part of Councils that the Borough should accept dedication of Narbrook Park just as soon as it is financially able. The chairman requested the Street Committee to meet with members of the Park Development Committee to examine the highways in Narbrook Park to determine just what must be done to them in order to put them in such shape that they might be acceptable to the Borough. When the

highways are in condition where they might be acceptable, the Park Development Committee will make a formal deed of dedication of the Park to the Borough for the refusal of Councils. When this formal deed of dedication is presented Councils will at that time consider the advisability of acceptance.

The matter of street lights for Narbrook Park being a matter entirely aside from the acceptance of the tract and the highways, is within the jurisdiction of Councils at the present time, and it was therefore referred to the Committee on Fire, Light and Water for action.

It will be of decided interest to Narberthites to know the situation existing with reference to Narbrook Park and the splendid spirit of co-operation between the Park Development Committee and Councils. The attitude of Councils is particularly pleasing to all of the property owners and residents of the Park.

The Borough Councils decided that Haverford avenue, between Essex and Narberth avenues, be prepared for repaving with Filbertine paving. New concrete gutters will be constructed in accordance with estimate presented by the Highway Commissioner. The Borough will do the work.

A requirement of the Post Office Department for protection of mail boxes, which will be installed in conjunction with the free mail delivery system, was referred to the Committee on Police Protection.

Several other routine matters were acted upon by Councils.

WOMEN'S COMMUNITY CLUB

The Woman's Community Club extends an invitation to every resident of Narberth to spend "An Afternoon With Shakespeare" in the auditorium of the school building, Tuesday, May 18th, at 3 P. M. A most delightful program has been carefully prepared by Club members for our friends and guests, and everyone is most welcome.

Mrs. C. Porter will read a paper on the "Flowers of Shakespeare."

The Club chorus, with Mrs. G. Colesworth as soloist, will give several selections of appropriate music.

The reading from Shakespeare will be from "Richard III," by Mrs. W. Owrn, and the Court Scene from "The Merchant of Venice," in which Mesdames Davis, Owrn, Batchelor, Kramer, Muschamp, Reeves and Barclay will each take part. Before the readings, Mrs. A. B. Ross will give a talk on each of the plays from which the readings have been taken.

The new officers of the Club for 1920-1921 will also be installed at this meeting.

The attention of our members is again called to the Montgomery County Federation meeting to be held at the Neighbors' Club, Haverford, Pa., May 15th. This will be an all-day session, box luncheon, and as many as can are asked to attend, so that our delegation may be as large as possible.

PALACE THEATRE, ARDMORE, PA.

Week of May 17—Monday, Dorothy Gish in "Mary Ellen Comes to Town;" Tuesday, Pauline Frederick in "The Paliser Case;" Wednesday, Tom Mix in "The Cyclone;" Thursday, Anita Stewart in "The More Excellent Way;" Friday, Geraldine Farrar in "The Woman and the Puppet;" Saturday, Mary Anderson in "Bubbles."

MONTGOMERY COUNTY FEDERATION MEETS AT HATBORO. SATURDAY, MAY 15TH.

As many members as possible are urged to attend this last meeting of the county for the Club year.

It will be necessary to leave Narberth at 8.18 A. M., in order to make trolley connections at Willow Grove for Hatboro.

ASH COLLECTIONS.

During June, July, August and September, there will be one collection each month, starting on the first Monday, which will be devoted to work on the North Side, and Tuesday to South Side. This schedule will be followed closely unless interfered with by unforeseen borough work.

C. E. HUMPHREYS, Street Commissioner.

About Dahlias

NARBERTH DAHLIA SHOW SATURDAY, SEPTEMBER 25, 1920, ELM HALL.

Dahlia roots planted May 15 will be just right for our Dahlia Show in September.

If your tubers have sprouted into more than one eye they can be divided with a knife, as each eye will produce a plant.

Plant the tuber so that the eye will be about two or three inches below the surface, and if the soil is well drained the hole may be filled within an inch of the surrounding soil, in order that water can drain into the root.

The matter of fertilizing at the time of planting is an open question, many dahlias doing well in ordinary soil until the buds form, at which time fertilizer can be worked into the surface. Heavy clay should be lightened up with well rotted manure.

Roots may be planted between May 15 and June 1, and if weather conditions are just right, the flowers will be ready for September 25, but no harm can be done by planting on May 15, and you can be sure of blooms at the proper time.

DAHLIA SHOW COMMITTEE.

Boy Scouts' Minstrel Show Elm Hall, May 28, 1920

Our Minstrel Show and Scout Play promises to be a big treat for Narberth, and we hope that everybody will be interested enough to be present.

Last year our entertainment pleased all, and this year we assure everyone of you that our efforts will excel those of last year. We not only will give you an hour's laugh with the minstrel, but will entertain you with a Scout Play which brings out the loyalty, trustworthiness, helpfulness, friendliness, courteousness, kindness, cleanliness, and bravery of a scout.

Our boys are all working hard to sell tickets to enable them to go in a body to the instruction camp for one week, so please do not turn them away.

Our troop is self-supporting and only needs the moral support of our town. Do not fail to join in and make this a grand success.

Save Friday evening, May 28, 1920, at Elm Hall.

PROPOSAL.

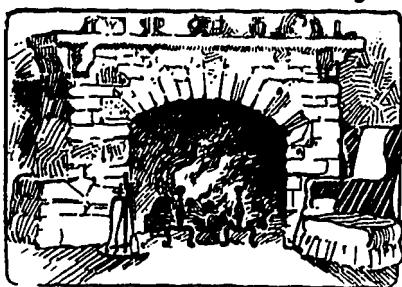

Bids will be received by the Borough Council at Elm Hall, Monday, May 24, 1920, 8 P. M., for approximately 1,150 lineal feet of concrete gutter, 3 feet wide, and 7 inches thick (1-2-3 mix), to be laid on Haverford avenue, between Narberth and Essex avenues.

An alternate bid is requested for brick gutter of the same length and width, vitrified paving brick set in a sand and cement cushion on a four-inch concrete base (1-3-6 mix), and the finished surface grouted; old brick in present gutters to be used as far as possible.

Any further information necessary can be obtained from the Street Commissioner.

Council reserves the right to reject any and all bids.

WALTON M. WENTZ,
Chairman, Committee Highway and Sewers.

THE FIRESIDE

Look around for those perennial plants which need thinning out and save the extra ones for the plant exchange at our Flower Show, June 5. If you have raised more annuals from seed than you need these also can be exchanged at the Show.

The Scout Play to be given by the Boy Scouts on May 28, at Elm Hall, in conjunction with the Minstrel Show, will be one to be remembered always by those who attend. Do not miss it.

Thursday, May 20, is the day that the Flower Market will be held in Rittenhouse Square, Philadelphia. Many Narberth folks have been seen at this Flower Market and those interested in flowers and plants will find an interesting exhibit. The proceeds will be given to Philadelphia charities.

The orchestra engaged for the Boy Scouts' Minstrel Show and Scout Play is one of the best jazz orchestras obtainable in Philadelphia. It will put "pop" in the evening's entertainment.

Mr. and Mrs. Roy W. Clark have removed to Lansdowne, Pa. Our town regrets very much the loss of Mrs. Clark as one of its associate editors.

A Minstrel Show, Scout Play and Dance will be given by the Narberth Boy Scouts on Friday evening, May 28, at Elm Hall, at 8.15 P. M. sharp.

You should see Dick Odeorn do the hootchy-coochy at the Boy Scout Play and Dance, on Friday evening, May 28, Elm Hall, at 8.15.

Minstrel shows are the only things the Boy Scouts of Narberth can produce. After you see their little playlet on "A Loyal Scout" you will say they are "some actors." Friday evening, May 28, at Elm Hall.

Haverford College has established a living wage for the faculty which virtually surpasses that paid in any similar institution in the United States. The undergraduates and alumni thus far have contributed \$107,300 to a fund to maintain this standard, according to announcement by the committee.

Because of the high cost of materials used in their work, the barbers of Ardmore have raised their prices and from henceforth a haircut will cost 50 cents and a shave 20 cents. It is said that other Main Line barbers will also raise their prices.

The costumes to be used in the minstrel given by the Boy Scouts on May 28 at Elm Hall, are specially planned, by Mr. Van Horn, the costumer, Philadelphia, and will "bring the house down."

The children's classes at the Flower Show will be featured this year, the entire stage at Elm Hall being given to these exhibits. There will be four classes, one for children under five years of age for arrangements of wild flowers; one for children under five years of age for arrangements of cultivated flowers; one for children five to ten years of age for wild flowers; one for children five to ten years of age for cultivated flowers. In addition to the Thrift Stamps which have been given in the past years, there will be first prizes of gold pieces for each of the four classes.

Dr. Bruehl Addresses Catholic Club

In an inspiring address at the meeting of the Main Line Catholic Club held last Tuesday evening at St. Margaret's Hall, Dr. Charles A. Bruehl, Professor of Fundamental Theology at Overbrook, emphasized that justice must be the keynote of all considerations of industrial problems, and he called for the practical application of Christian doctrine in the adjustment of the various complexities which characterize the turbulent conditions of the present time. He outlined the duties which are imposed on the respective factors in the situation, with particular reference to their obligations to society at large, and set forth that first of all the laboring man must be regarded as humanity, not primarily as a means of production, that he must have the opportunity to earn a fair and equitable day's pay for service honestly rendered, that he is quite within his rights when he requests full consideration for the important part he occupies in the scheme of industry, but he must not be unmindful of the co-operation which he owes his employer, nor of the right of the community to expect production at fair values, and neither must he make any attempt to effect by strike that to which he is not entitled on the basis of reasonable and square adjustment.

Dr. Bruehl also pointed out that employers could only make real progress in their labor difficulties when they proceeded on the principle that there were certain fundamentals in the situation over which they had no discretion, the features of life to which men had a right by the very nature of things, and he suggested that if it were made plain that the employers' endeavors on behalf of the men were governed by sterling and high-motivated convictions, not because the exigencies of the case seemed to demand it, nor because it was the best thing to do from a strictly business standpoint, a great stride would unquestionably be made in establishing conditions which would be decidedly more beneficial to all concerned and more in accord with the spirit which ought to exist in all human relations.

Dr. Bruehl is expected to come to Narberth again in the near future and the Club would be glad to welcome at the meeting any Narberth men who are interested in a constructive discussion of this important subject. Twelve new members were enrolled at the meeting.

SCHOOL NOTES

Narberth School Field Day.

The final arrangements for one of Narberth's big days have been made by a committee representing the schools in conference with the committee on "The Memorial." The entire afternoon will be devoted to the School Field Day Program. The events will begin at one o'clock and continue throughout the afternoon. Pupils of all ages will participate. Come early and enjoy the "wee tots' race." There is no admission—no collection.

Brief memorial exercises will be held on Friday morning preceding the 30th, from 8.40 to 9.30 A. M.

On Friday afternoon, May 7th, a splendid memorial to Mr. Emmett was given the schools, that of his picture, which was presented by Margaret Fowler. One-minute talks by the boys and girls were interestingly given of how they knew Mr. Emmett in athletics; of his love for the beautiful and poetic. Several of his favorite poems and memory gems were read. Mrs. Emmett was presented with a filled window box of flowers.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 3 lines; 5 cents for each additional line.
